## Carnival Parade Route Announced

### FORMAL ORGANIZATION MEETING HELD HERE FOR LIVE OAK G. S. COUNCIL

The first formal organizational meeting for the year 1953 of the Bay St. Louis Neighborhood Council of the Live Oak Council of the Girl Scouts was held at the home of Mrs. C. C. McDonald Thursday, Feb. 5 at 3 p.m.

Mrs. C. C. McDonald was elected chairman for 1953, Mrs. Walter Rausch vice chairman, and Mrs. R. P. Neely, secretary.

Mrs. Rausch reported on a recent meeting in Gulfport on the program for the year. The goals for the Live Oak Council, of which the Bay St. Louis council is a part, are:

1. Continue survey of the troops in the council until all troops have been visited to ascertain how the troops are progressing.
2. Stimulate more "girl-planning" and cultivate mother-daughter relationship.
3. Promote further interest in International Girl Scouts.
4. Special emphasis in council-wide programs—such as Court of Awards and the Craft Carnival. The Craft Carnival is an exhibition of craft work done by the girl scouts and all girls are asked to participate by exhibiting their work.

The purpose and obligations of the council were discussed. One of these is to see that every girl who wants to become a Scout has the opportunity to do so. This is one of the major problems in Bay St. Louis because of insufficient leaders.

Mrs. McDonald announced that on Feb. 19 at 10 a. m. Mrs. Phoebe Jones from Gulfport will meet with the leaders of the troops at the Methodist church annex. She will discuss problems with the troop leaders and give assistance to them in their troop work.

At this meeting she will give instructions in textile painting so that the leaders can teach the members of their troops. This is the first of the regular monthly meetings, to be held on the third Tuesday of the month. Anyone interested in becoming a troop leader is urged to attend the meeting.

Other projects of the year were discussed but no definite plans were made. These included the summer camp, the cookie sale fund raising campaign, and the organization of new troops.

The Todaros are the parents of Mrs. Rosalie Benigno of this city.

Mrs. Frank Kiefer was called to New York because of the death of her aunt, Mrs. M. Marian Smith who died in New York Saturday, Feb. 7.

Mrs. J. E. Goldman is attending the Volunteer Leaders for Girl Scouts Council held at Edgewater Hotel this week.

Mrs. O. J. Arnold and son Vincent J. Lagroue spent Monday in New Orleans on business and pleasure.

Mrs. Paul Shellenbarger, Waveland, is a patient in the Mayo Hospital, New Orleans following a major operation. Her condition is reported as most satisfactory.

Mrs. Beccia, her daughters Gail and Alice, and son, Frank, are expected to return from a party given at the Edgewater Hotel for the Carnival activities, returning to Bay St. Louis in time for the opening of school.

Claude Soler, Jr. has arrived at the Coronado Hotel, Calif. about the 10th of the month. He expects to stay here for some time.

### OUTLINES RESULTS OF EDUCATION STUDY AT PTA MEETING TUES

Mrs. Ralph Hester, vice-president of the Citizens Council on Education, was guest speaker at the Bay High PTA meeting Tuesday evening.

In beginning her discussion of securing adequate laws for children and youth, she stressed that education, as an investment, pays off in dollars and cents. Lack of proper education has cost us forty-four divisions of rejected men for military service, she added.

She stated that educational equalization is here; the question is how we are going about it. "Since the Legislative Study Committee has investigated," she said, "they have set up resolutions to be presented to the legislature. One resolution is that the school districts be abolished and reorganized, because it is estimated that there are about 4,000 too many districts."

They resolve to have a Board of Education set up to select the County Superintendent of Education. It is believed that stronger men will be obtained because the board would take more time to study the qualifications of the applicants than the average voter."

Eventually, the State Superintendent of Education, could be appointed by a Board of Education. This type of selection would eliminate much of the politics now involved, it was claimed.

The Committee intends to propose the setting up of an Economic Index establishing the amount each county can afford for school support. The transportation setup will be changed. A salary scale will be provided with respect to amount of education and up to five years experience.

Mrs. Hester brought out the fact it will take the efforts of all PTA units working together to acquire the "adequate laws passed for our children and youth."

The meeting was opened with a prayer by Mrs. Charles Schultz. A Social was enjoyed in the Home Making Department.

### E. P. SAUCIER JR. DIES TUES FEB 20 AT HIWAY 90 RESIDENCE

### BIRCH WILL PRESENT LION-SPONSORED MAGIC SHOW HERE MON. FEB. 16

Announcement was made last week that Birch, America's foremost magician, with his company of assisting artists, will play an engagement here Monday, Feb. 16 at Bay High Auditorium.

There will be two performances a matinee and an evening performance at 7:30.

The Birch show is the largest magic production show now on tour in this country. Equipment, scenery and effects valued in excess of \$25,000 are carried and ill be seen at the local performance.

Slicing a beautiful girl into four parts, shooting a live canary into a burning light bulb, causing a live pony to vanish in midair, and many other startling mysteries will be presented by this master magician and company in a magic potpourri of thrills and fun.

The current tour is Birch's twenty-fifth annual one, and his attractive personality makes him one of the most pleasing entertainers the magic world has ever produced.

Thurston publicly declared that Birch is the only magician sufficiently talented to be his successor and the man he picked to "fill his shoes."

Heading the Birch staff as assisting artists is Mabel Mabel Sperry, hailed by critics as the world's greatest girl xylophonist. Miss Sperry charms music lovers everywhere with brilliant solos on her special built Marimba xylophone.

## DANGER!

**Relating to Television Antennae**

The main purpose of this advertisement is to save a life—perhaps yours—by calling attention to possible hazards incidental to the use of TV antennae.

If your antenna is to be mounted on a roof, have someone erect it who is accustomed to working on roofs. Do not let anyone too close to the antenna, even if they are a family member. You may be startled and fall during erection, or someone may fall from them during this work.

Now attention is called to the fact that the antenna should be erected in such a position that it will not fall. You may have to guy a pole, and you will always have to guy a metal mast. Be sure the guys and fastenings are adequate and that they are of rust-resisting metal. In some cases you will need more than one set of guys. Don't take chances with adjacent electric wires during erection.

People have been killed in Mississippi due to antennas falling across live electric wires. Other persons have been killed trying to get the first victim away from the live wires. If you are about to erect an antenna or have one erected, please observe these three things:

1. Adequate initial strength
2. Safe clearance from electric wires
3. Ample strong, rust-resisting guys and fastenings

One more very important caution: If perchance an antenna gets into any live electric wires during erection or later—if it has to deal with live electric wires which have fallen or burned down—do not attempt to touch or move such live wires or anything in contact with them. Keep people away from them and notify the Southern Bell Telephone Company at the Police or Fire Department.

Observing these simple precautions may save a life—perhaps your own.

## More Important Every Day...

Beef cattle are becoming more important every day to the growing prosperity of rural Mississippi... and so are telephones.

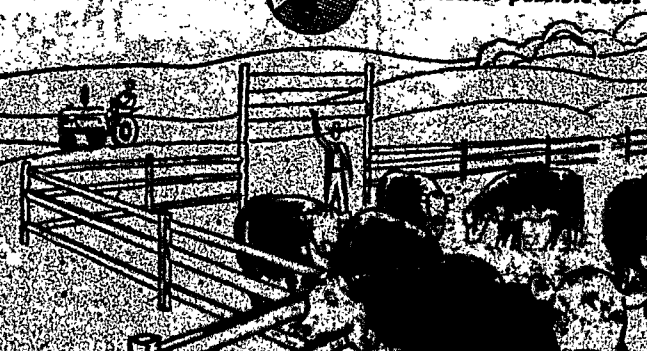

The State's cattle industry has grown to three times its 1946 value to more than 215 million dollars today... During the same 7 years, Southern Bell has increased the number of rural telephones in Mississippi to more than 36,000—over four times as many as were in service on January 1, 1946.

That 7 years program of rural telephone expansion and improvement—the greatest in Southern Bell's 72 years in Mississippi—has already cost approximately 12 million dollars.

In continuing this vast expansion program, we have more than 100 new projects underway which will enable us to serve approximately 5000 new customers in rural Mississippi during 1953.

"Dream Boat" is an extraordinary piece of cinematic technique.

This unusual farce presents the plight of Charles Webb, a staid college professor who once raised a family of five alone.

The belated relatives are sponsored by a perfume company with Ginger Rogers, his former co-star, acting as commentator. The entire film is full of hilarious encounters between Webb and Rogers, and each encounter is funnier.

During the picture in which Ginger Rogers is stunningly goosed, Webb backs his way through three barroom brawls, kills nine men in duels, leads the French Foreign Legion to victory over Arabs, becomes a Ranking World War Ace, stops runaway horses and finds time to pitch potent cinematic woo with Ginger Rogers, thereby winning for himself the name of "Dream Boat" who makes older women young and the younger ones swoon.

The Supercolor comedy debut at the Star Theatre Sunday and Monday, February 15 - 16.

Bur Abbott and Lou Costello, tangled with no less than Captain Kidd.

Charles Laughton portrays the drowsy, pirate character. Mixing high comedy with high adventure, Bur and Lou find themselves in the middle of a buccaneer war and hunt for buried gold.

Outwitting the notorious Captain Kidd is far from an easy task, but the pranksters manage it in a series of mirth-provoking sequences which, advance reports indicate, show Abbott and Costello at their merriest.

Bay High School PTA held its regular meeting Feb. 11 at 7:30 p. m. in the high school auditorium.

Guest speaker for the evening was Mrs. Ralph Hester, vice president of the Citizens Council on Education. Mrs. Hester's topic was "To Secure Adequate Taxes For Children and Youth." She is a dynamic speaker.

She also brought to the audience many enlightening points regarding this essential topic. After the program a social hour was enjoyed by every one in Mrs. Erwin's attractive Home Making Department.
